

**Are you involved with helping disabled children and young people? Would you like to learn more about working with this specialist group?**

**FREE 1 day course on Disability Awareness (includes awareness of a range of disabilities and inclusion tips)**

Open to anyone operating within West Kent (Tonbridge & Malling, Tunbridge Wells and Sevenoaks District). The course is suitable for both professionals and volunteers working in this field including people like leisure centre staff, youth workers, health centre workers etc.

Kent Youth has developed an expertise in working with disabled children and young people over many years through its me2 Peer Inclusion programme (recently featured on BBC Children in Need) and has recently delivered similar training to all the Community Wardens in Kent.

**Kent Youth**

'The training was brilliant! Everyone should do the training- Police, Education, Health, Social services, Connexions etc. The training was interactive, thought-provoking and challenging. Deeply held beliefs and values were explored and analysed in an environment which encouraged respect for all, whilst accepting different points of view. All delegates participated fully, there were opportunities for questions and comments, and all delegates gained an increased awareness and knowledge of disabilities and disability issues'.
